- POB's Historical Perspective
- Upcoming Projects:
  - Landside (Terminals)
  - Harbor Development (Dredging Program)

Baltimore City has great maritime history due to its inland location. Being the western-most Mid-Atlantic port requires dredged channels.

**Governor's Minority & Small  
Business Outreach Summit**

Maryland Port Administration was established because of neglected port facilities.

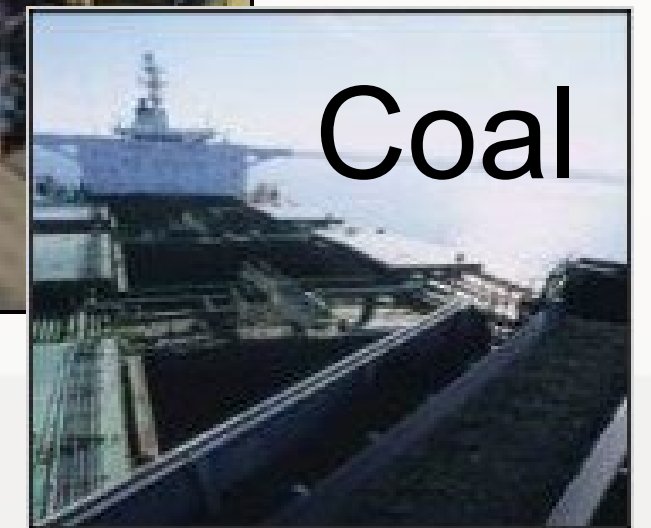

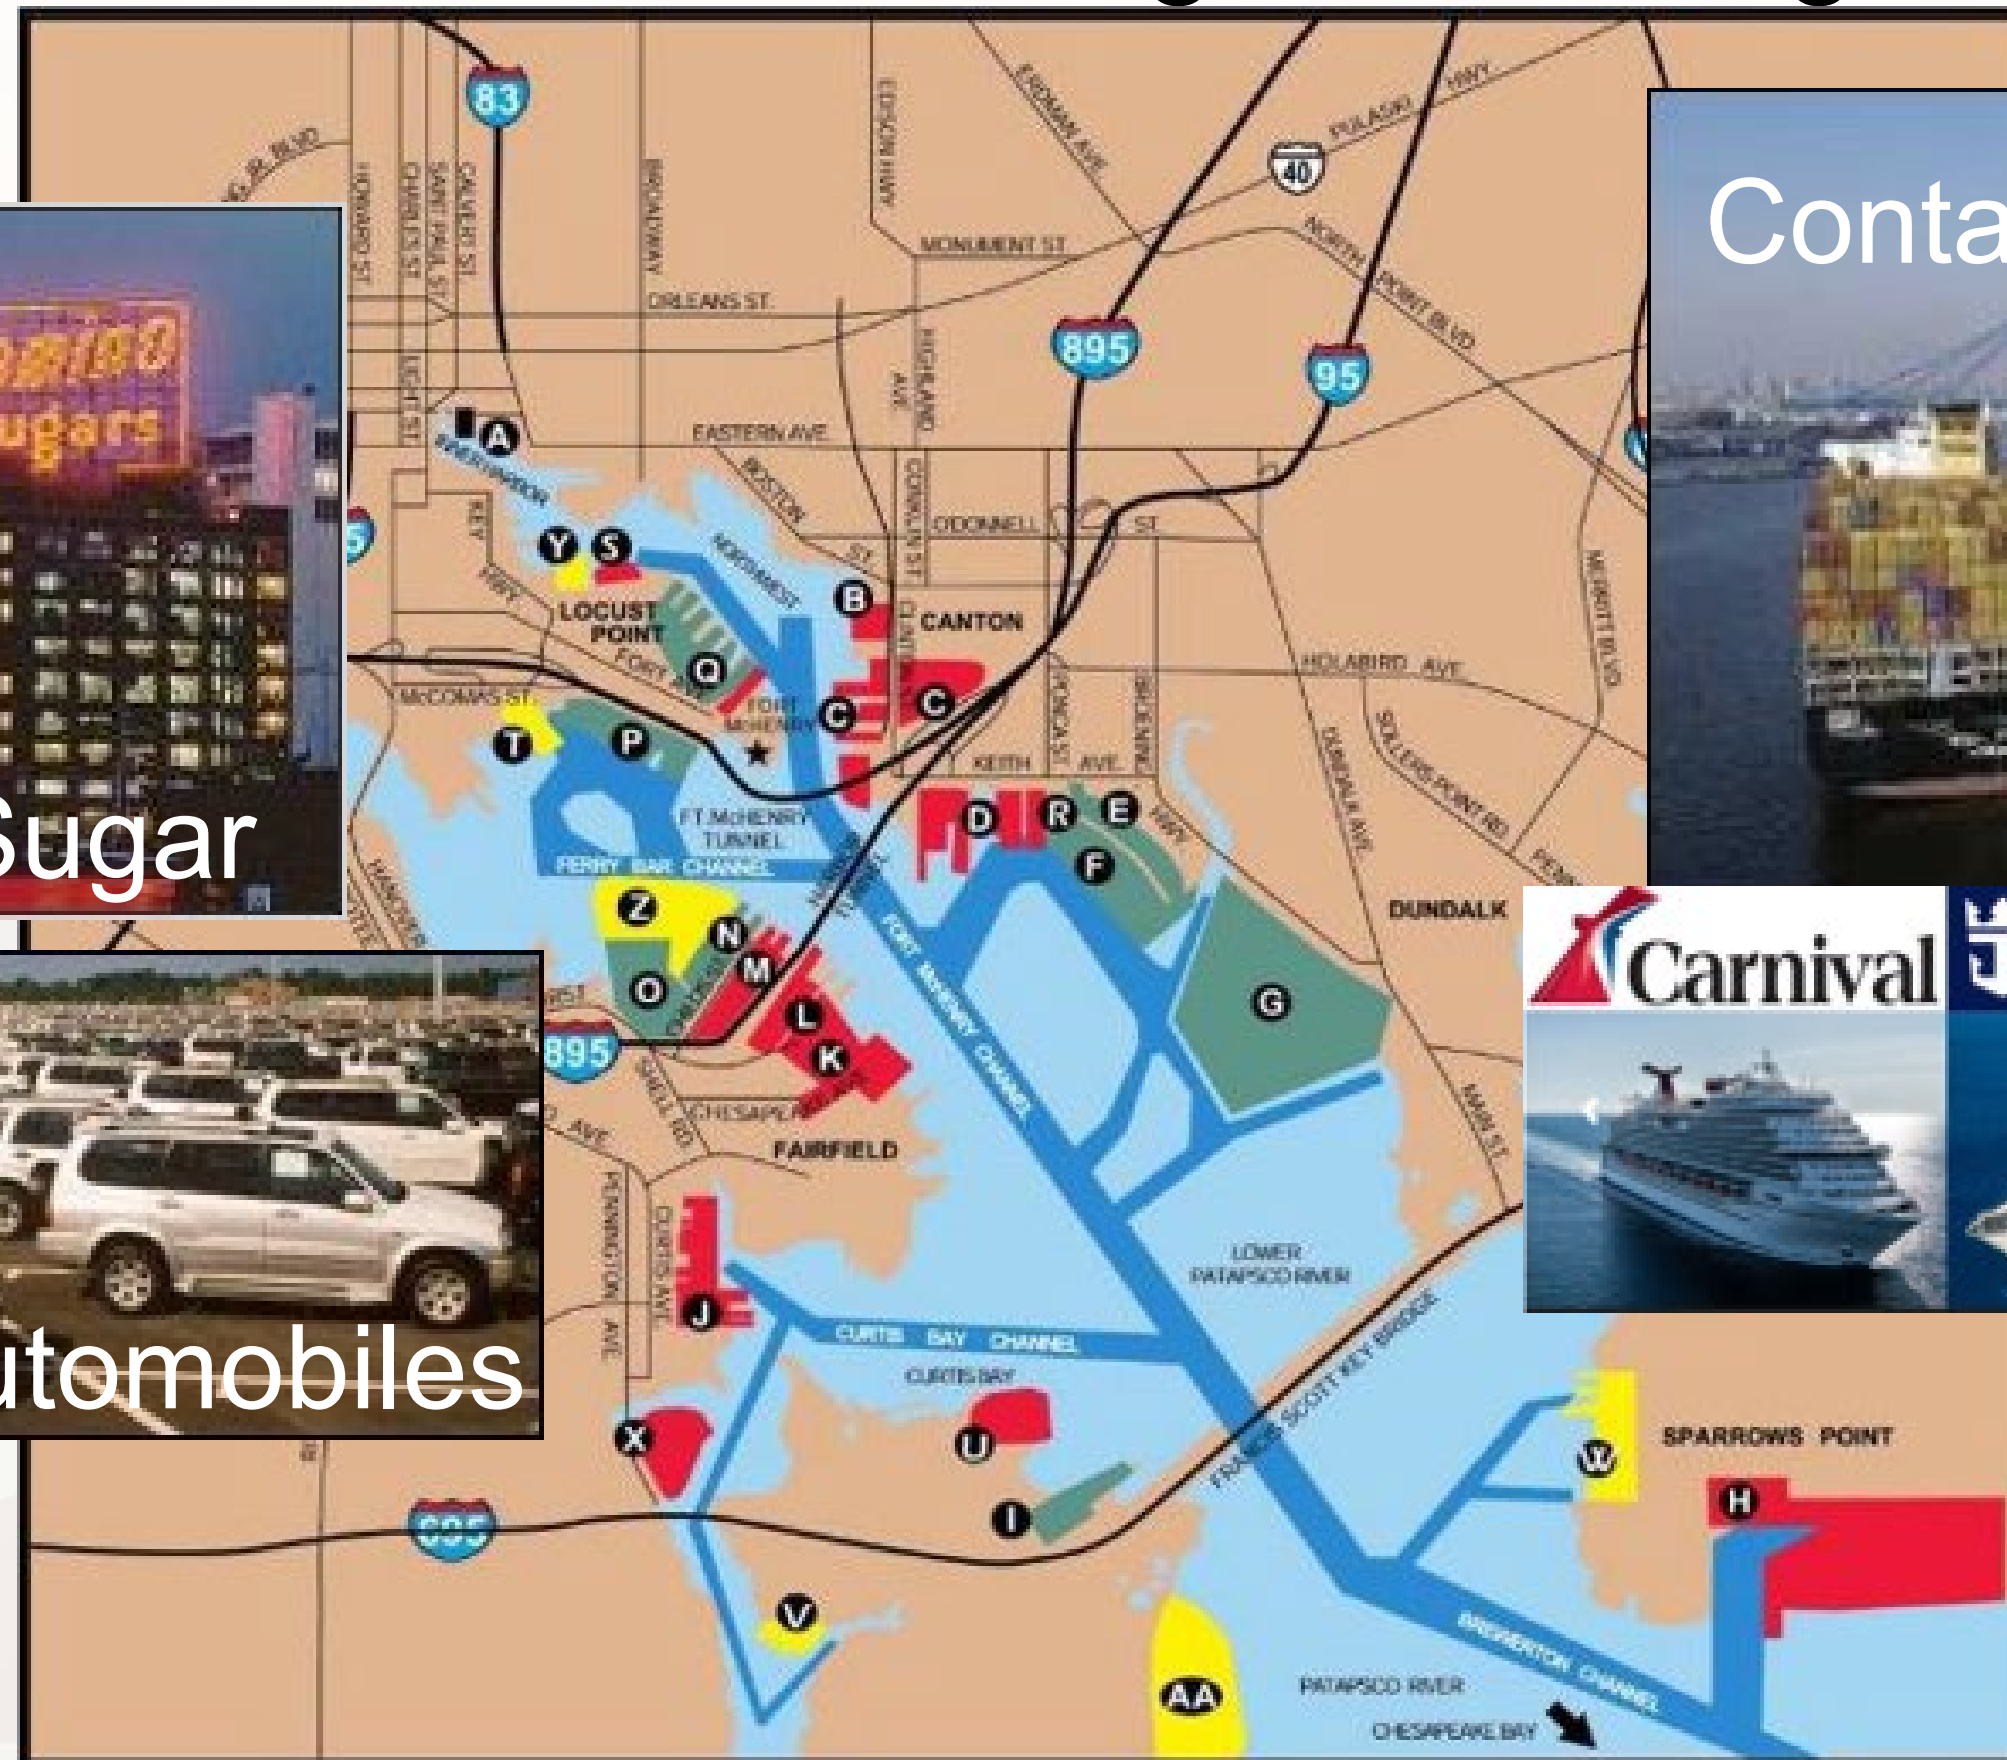

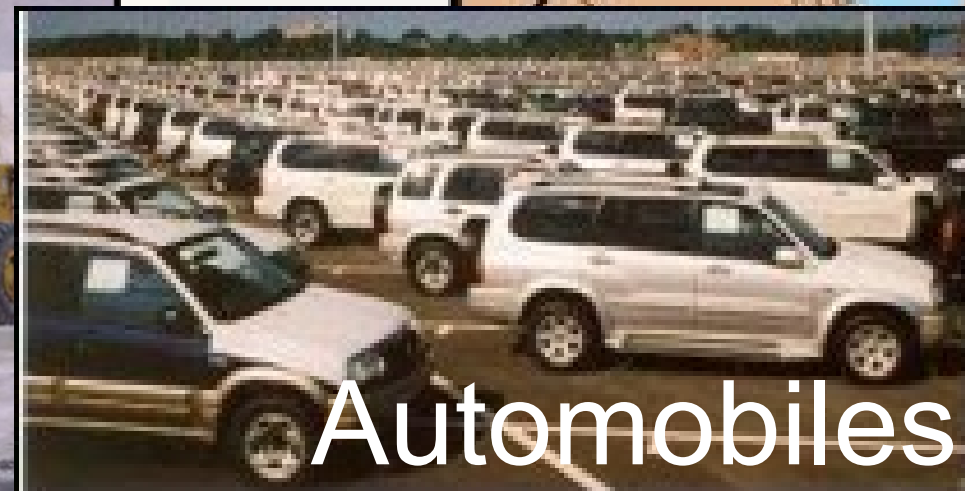

Purpose: To increase the flow of waterborne commerce through the State of Maryland in a manner that provides benefit to the citizens of the State.

**Governor's Minority & Small  
Business Outreach Summit**

The Port of Baltimore is a complex mix of Private and State-owned terminals handling diverse bulk and general cargo.
